Empathy Map Canvas:

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviours and attitudes.

It is a useful tool to help teams better understand their users. Creating an effective solution requires understanding the true problem and the person who is experiencing it. The exercise of creating the map helps participants consider things from the user's perspective along with his or her goals and challenges.

Empathy Map: ServiceNow-Based Employee Laptop Request Application

Persona: An employee who has just submitted a laptop request

Pain

No visibility into where the request currently stands.

Manual, email-based approvals take days.

No single record of stock or asset assignment.

Gain

Fast, transparent laptop allocation.

A simple self-service request process.

Ability to start work without delay.
